

Hi All: Attached are a few talking points/facts for Jared's call with Henry Darwin on Rosemont. Please let me know if you would like me to be available to Jared at the call.

1. On February 21, 2014, ADEQ published for public comment a draft conditional 401 water quality certification for the 404 permit to be issued by the ACOE for the Rosemont project. The certification is based on the application by Rosemont to ADEQ and 404 application to the ACOE. The draft conditional certification concludes the project will not violate applicable Water Quality Standards.
